## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-3, 5, 7, 8, and 10 are rejected under 35 U.S.C. 102(b) as being anticipated by Stunkard.

The Stunkard reference discloses an electrical grounding assembly comprising a valve body 168 with a bore 170, a valve trim 22, and an elastic grounding connector comprising a deformable stranded metal/conical spring 218. Regarding claims 7, 8, and 10, the claimed methods are inherently performed during the normal fabrication of the Stunkard device.

### ***Allowable Subject Matter***

Claims 4, 6, 9, and 11 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
